

## VENUS 3002

### TOUCH-FREE ELECTRONIC FLUSH VALVE FOR W.C.

#### SPECIFICATIONS

Touch-free electronic flush valve with a mechanical override button. Activated by infrared sensor. Shut-off valve and filter are included. Powered by a 9V battery or a 9V transformer. Battery versions include a low battery level indicator. With a 24-hour hygiene flush. Adjustable settings by remote control: sensor range, security time, delay in, delay out, on-off and reset to factory settings. Low consumption options and pre-flush operation are available upon request.

#### OPERATION

Touch-free electronic flush valve for W.C. Water will flush once the user moves away from the W.C.

#### APPLICATION

Helps washrooms stay clean and saves water. Ideal for educational institutions, gas stations, restaurants. In addition, its minimalistic style makes it perfect for any locations with high design standards.

#### PRODUCT AT A GLANCE
